JEB DUNNUCK

CHÂTEAU DES JACQUES

Moulin-à-Vent 2023

94 Points

With its fine, intense violet color, the 2023 Moulin-à-Vent is the estate's flag-bearer, blended from its eight great terroirs. The nose is precise and sappy, already showing the style of the estate. There is extreme ripeness of fruit here, amplitude, tremendous charm, and very certainly one of the highest levels of concentration in Moulin-à-Vent in 2023. On the palate, it is rich, full-bodied, and sappy, propped up by rich and numerous tannins and magnified by a rare silkiness, a unique impression, for a wine of very high style and real inspiration. Drink within 10 years. Drink 2026-2036.
