CHÂTEAU DES JACQUES

Moulin-à-Vent Clos du Grand Carquelin 2023

95 Points

The 2023 Moulin-à-Vent Clos du Grand Carquelin has a deep violet color of fine brilliance and comes from fruit grown on the triangular parcel just below the historic windmill. This is a wine of great inspiration, born where maceration takes precedence, reaching for notes of tart small red fruits, fresh and precise, bigarreau, Burlat cherry, and fresh raspberry. It has a remarkable texture on the palate, with subtle, neat, long tannins, an absolutely incredible follow-through, and a refinement already in place. Crafted and thought out for aging, it will only grow more magnificent; as it stands, sumptuous, refined notes ennoble the tasting, leading to an outstanding finish of immense silkiness. Everything is here, and this is one of the finest bottles of this report. Drink from now through 2040 without difficulty. Drink 2026-2040.
