

LOUIS JADOT CÔTE D'OR BURGUNDIES

94-96 Points

The 2024 Montrachet Grand Cru has another well-defined nose, though juxtaposed against the Chevalier this does not contain the same amplitude or refinement. The palate is intense and broad-shouldered, the richness counterbalanced by the acidity. A little spicier than the Chevalier-Montrachet on the finish, this lingers in the mouth. A serious Montrachet that should give 20 or 30 years' drinking pleasure.
