PAUL JABOULET AÎNÉ

Saint-Pierre Cornas 2023

92 Points

Darker berries, fresh fig, graphite, burning embers, and violet notes all shine from the 2023 Cornas Domaine De Saint Pierre, which was aged 12 months in concrete eggs and 20% new French oak barrels and demi-muids. It's medium-bodied, with a nicely textured, layered mid-palate, firm tannins, and outstanding length. This is another pure, focused, firmer 2023 that will benefit from 4-5 years of bottle age yet evolve gracefully over the following 15-20 years. Drink 2030-2050.
