Wings Carmenere 2022

92 Points

Derived from the upper hillside blocks at the Apalta estate and blended with 15% Cabernet Franc, the 2022 Wings Carmenère wafts from the glass with a distinctly spice-driven bouquet that blends varietal character and oak-derived inflections. The mouthfeel takes a decidedly velvety turn, culminating in a long, layered and sturdy finish that lingers with powdery tannins and an additional round of toasty richness.

While this offers a more structured and transparent expression of the variety than the comparatively opulent Purple Angel, it is still a rather treatment-oriented wine.
