

SAN GUIDO*Le Difese Toscana IGT 2022***93 Points**

I've always been drawn to so-called "second wines" (aka the little brother to the estate's star wine), both because I love an underdog and because it's objectively more likely to be impressed when your expectations are lowered and your guard is down. Tenuta San Guido's Le Difese always punches above its weight, but in 2022 it's a knock out.
