

JEB DUNNUCK
CHÂTEAU DES JACQUES
Moulin-à-Vent Clos de
Rochegrès 2023

Points

The 2023 Moulin-à-Vent Clos de Rochegrès was born on the highest slopes of the appellation at 360 meters, and its magnificent violet color, intense and deep, already shows its concentration. The nose is extremely complex, skillfully built, and leaves one admiring the outstanding smoky scents of considerable style and an admirable quality of fruit, with a simple note of raspberry seed already a delight. The flesh is long, propped up, deep, full-bodied without hardness, and of a silkiness that recalls the greatest crus. This is a wine of inspiration, of temperament, of flesh and of length, whose present constitution will carry it across half a century without difficulty. A wine of immense complexity that leaves one dreaming and inevitably admiring, showing how much this place can be not merely considerable, but immense. Drink 2026-2076.
