

MONTES

Muse Cabernet Sauvignon 2019

98 Points

Very intense aromas of blackcurrants, violets, flower stems, bark and wet earth. Very perfumed. Mushrooms, black truffles and tobacco. Great cabernet sauvignon aromas. Medium-to full-bodied with ultra-fine tannins and lovely integration. Opens and grows. Goes on for minutes. So fine. This is a terrific, new pure cabernet sauvignon from Montes from the Maipo Valley and made at their wine in the Apalta Valley. September 2022 release. 6,000 bottles made. A new classic in the making and neoclassical in nature. Very drinkable now yet it will be so much better in 2025 and beyond.

James Suckling - November 18, 2022
