BEAUNE PREMIER CRU ANNIVERSAIRE 2012

There is the same hint of pine cone that is present on the Pommard along with more typical notes of earth, dark cherry and spice. The mid-palate is markedly supple with a fleshy and pliant texture as the middle weight flavors are shaped by well-integrated tannins that contribute to a sense of harmony on the attractively complex and lingering finale. This is more forward than most of these Beaune 1ers and should be a good candidate to enjoy young if desired. —Allen Meadows April 01, 2014
